

EDUCATION

Degree	Specialization	Institute	Year	Academic Scores
Integrated M.Sc.	Data Science	Amrita Vishwa Vidyapeetham	2021-Present	7.9
MPC	Physics, Chemistry, & Mathematics	Sri Chaithanya Junior College	2021	92.2%
SSC	-	Narayana Concept and Techno School	2019	9.8/10

PROJECTS

- IMDB Reviews Data Scraping** February 2025
 - Scraped IMDB website to collect data on movie reviews, including movie names, usernames, dates, ratings, review headers, review descriptions, and review upvoting, using Python and Selenium.
 - Automated the extraction of reviews from multiple pages for each movie, ensuring comprehensive coverage.
 - Cleaned and structured the scraped data into a CSV file.
- Online Tender Management Application** November 2024
 - Developed an interactive web-based tender management system, allowing users to view, bid on, and manage tenders.
 - Implemented role-based authentication for users and admins to manage tender listings and bids efficiently.
 - Built using JSP for dynamic content rendering and PostgreSQL for secure storage of tender-related data.
 - Deployed on Apache Tomcat for a stable and scalable web server environment.
 - Technologies Used: JSP, PostgreSQL, Apache Tomcat, HTML, CSS.

TECHNICAL SKILLS

- Languages:**
Python, SQL
- Tools/Frameworks:**
Pandas, NumPy, Matplotlib, Seaborn, VS Code, GitHub(Beginner), Crawl4ai(Beginner)
- Core Concepts:**
Deep Learning, Machine Learning, Data Visualization

LANGUAGES KNOWN

- Telugu** (*Native*)
- English** (*fluent*)

Skills

- Problem-Solving:** Ability to analyze complex challenges and identify effective solutions.
- Learning Agility:** Quickly acquiring new skills and adapting to changes in technology or workflows.
- Adaptability:** Adjusting to new environments, tools, and methodologies with ease.
- Critical Thinking:** Evaluating information logically to make informed decisions.
